

Radium Transfer Station

Information Newsletter // May 2023

CONSTRUCTION ON NEW RADIUM TRANSFER STATION SET TO BEGIN

Construction is set to begin on the new Radium Transfer Station later this summer.

In addition to the collection of household waste, the Transfer Station will provide a new, convenient option for both Area G and Village of Radium Hot Springs residents to dispose of their waste and access a wide range of new recycling opportunities, including: a full Recycle BC Depot; used oil recycling; electronics recycling; areas for the recycling of white goods, propane tanks and batteries; and, dedicated bins for the drop off of green waste, metals, and wood waste.

The Transfer Station will be located off of Forsters Landing Road in the Village of Radium Hot Springs, in an industrial area near the wastewater plant and Canfor log yard. Construction is planned to get underway in late June and we hope to have the new facility open in late 2023.

To learn more, we invite you to join us **May 30 from 5:00pm - 7:00pm for an Open House** at the Radium Hot Springs Centre.

Visit the Radium Transfer Station Project Page:

Should you have any questions about this project, please contact **Kevin Paterson**, Manager of Environmental Services
250-489-0300 or **1-888-478-7335** or kpaterson@rdek.bc.ca

NEXT STEPS

The next steps will be to complete the surveying and site clean up / preparation in June, so that construction can begin through the summer and fall. The goal is to have the new transfer station open in late 2023.

CONCEPTUAL SITE PLAN

The facility will be open to the public (including all residents of Area G and the Village of Radium) and will include a full Recycle BC Depot, along with designated areas for household garbage and a range of other recyclables and yard waste. The Conceptual Site Plan is below:

OPEN HOUSE - MAY 30

To give residents an opportunity to see the preliminary site design and learn more about the transfer station, residents of Area G and the Village of Radium Hot Springs are invited to attend an Open House:

Tuesday, May 30, 2023
5:00pm-7:00pm
Radium Hot Springs Centre
4863 Stanley Street, Radium Hot Springs

For those unable to attend, all of the information will be posted on the project page
