

COMING SOON - Ideas & Issues Survey

Community input is key to the success of this process. The RDEK will be launching a survey in mid-April to start collecting information on the community values, vision and concerns within the proposed OCP area.

TODAY

- Review the poster boards & stay for the presentation
- Provide feedback using the sticky notes on the Idea Boards
- Talk to Director Susan Clovechok
- Talk to the RDEK staff Karen Macleod or Michele Bates

WHAT'S NEXT?

- The first online engagement activity will be available mid-April via an Ideas & Issues survey. This will help the RDEK identify what is important to you as the process moves ahead.
- Consultation with the Resort will occur over the next few months. These discussions along with the survey results will provide direction to what is presented for consideration at the second Open House in July.
